

Nice to Meet You!

Welcome to a fun and exciting year in 3rd grade with Ms. Strohkirch!

Leap into third grade!

Dear Students and Families.

Welcome to 3rd grade! I am thrilled to introduce myself as your teacher. We have a fun year of learning ahead of us filled with exciting field trips, projects, stories and classroom activities. I can't wait to create our classroom together. Third grade will be an opportunity for you to grow and gain independence as a learner.

I grew up in Stillwater, Minnesota. I spent most of my time outside playing at my grandparents' farm. I loved taking care of the horses, building forts out in the woods, and collecting rocks for my collection. I currently live in Stillwater again and love being so close to the river.

In my free time now, I like to read. Harry Potter is by far my favorite series. I also enjoy books that can make me laugh. Cooking is a hobby of mine. I'm always trying new recipes. If you have any yummy recipes at home, I would love to try them. I spend a lot of time with my friends and family. Lately, I've been busy running. I ran two 5Ks this summer, and plan to run my first half marathon next June.

I graduated from the University of Wisconsin-River Falls with a Bachelor Degree in Elementary Education and minor in Early Childhood Education. I completed two full semesters of student teaching, one right here at Malone Elementary and the other abroad in Australia. I hope to share some of the fun stories, pictures, artwork and artifacts I collected on my trip.

Now you know a little about me. I look forward to learning more about you. It's going to be a great year. I can't wait to see you again! Until then, take care.

Cheers,

Ms. Strohkirch ☺
